Message: Re HB589: I'm very upset about the legislature banning wind energy in this bill. I just started using wind energy instead of Duke Power and I hope that soon Duke will have enough wind and solar sources that I can go back to buying from them. But in spite of that, I see that Audobon NC is supporting this bill so I will too. Hope you will sign HB589 and that those wind folks in NE NC sue the pants off the state about the ban. Thanks for caring about this too :)
